Urbanist Body

BOLD, TALL AND LOUD

Headlines and the wordmark only. Always uppercase, tight leading, never stretched.

Clean and friendly for everything else.

Bold for emphasis, regular for reading.

Paragraphs, labels, pills and captions. Sentence case, generous line height.

USING THE BRAND

- Ink is the home ground. Bone and orange backgrounds are for accents and social posts.
- Orange is a spice, not a sauce. One orange moment per layout is enough.
- The orange full stop always sits at the end of the wordmark. Never recolor it separately.
- Keep clear space around the logo of at least the height of the letter B.
- The grain texture is part of the look. Use it subtly on dark surfaces.
